

Wollumbin Family Support Connections December 2017 Edition 1

Working together to create safer families

Thank you for your support of Wollumbin Family Support Inc. by attending the celebration concert in March this year. The devastating floods in our region delayed implementing our strategic plan and now, in December, we are ready to progress.

Our focus is for the service to play an important role in providing a range of services to families experiencing domestic violence including prevention and early intervention. Strong emphasis will also be directed to raising community awareness and engagement to create safe and respectful families.

WANT TO HELP AND BE MORE ACTIVE - HERE ARE SOME IDEAS

- Donate money or your time. We need expertise in so many areas such as fund raising, web design, administration and creative skills. You do not need to join the association for this but just be a casual volunteer. We are grateful to individuals already making regular donations.
- Join the association – this means we will keep you in contact with our activities and you can vote at the Annual General Meeting (annual membership fee \$1) Contact a management team member
- Join the dynamic and committed Management Committee- this means attending committee meetings monthly and contribute to making strategic decisions about the service.
- Do a trifecta and do all three activities
